PRIESTHOOD LEADERSHIP DEVELOPMENT INITIATIVE PLDI Inc.

An Introduction

PLDI is a network of leaders in the Christian world, secular society, and corporate organizations working together to raise the standard of world leadership and governance.

As is said; a conductor is as good as his orchestra, so an organization is as good or bad as those leading it. At PLDI we believe all organizations have potential for growth and success, the key is effective leadership. Society needs leaders at all levels, men and women who are willing not only to do things right but to do right things. PLDI promotes LEIC to drive its vision

LEIC is an arm of PLDI which propels the PLDI vision because the world craves for good leadership and followers are increasingly skeptical if these leaders can really lead them. Hence through these conferences LEIC equips leaders to be relevant in their spheres of contact. LEIC has a leadership philosophy that enables men and women to create organizations that are energised, equipped to achieve powerful goals.

PLDI has been born at such a time as this,

it is raising the standard of leadership worldwide!

PLDI is an NGO registered in Nigeria in 2017. It is administered by a Board of Trustees who are presided over by Olusesi Michael Obateye as Chairman and International Coordinator for LEIC .

Deuteronomy 25:17,19

Remember what Amalek did unto thee by the way, when ye were come forth out of Egypt. How he met thee by the way , and smote the hindmost of thee, even all that were feeble behind thee, when thou wast faint and weary; and he feared not God..., thou shall blot out the remembrance of Amalek from under heaven, thou shalt not forget it.

Exodus 17:14-16

...I will have war with Amalek from generation to generation.

LEIC is a leadership arm of PLDI. God has strategically positioned LEIC as a leadership ministry of PLDI. It is a unique opportunity and a privilege that comes with a special grace, the grace to give, to partner with God for the expansion of His kingdom through networking. We are helpers of the war, sustaining Moses' raised hands with high finance and conferences that enable the gospel to reach the whole world, appropriating new technology that have narrowed geographic boundaries and turned the

willing not only to do things right but do right things. Without leaders who have vision and strong moral compass we will never progress as a society no matter how affluent we become. LEIC has been born as an answer to these questions.

Every human problem has its solution in God - His Word. For this reason PLDI was born to drive Leadership Empowerment International Conferences world wide... **raising the standard!**

faith and values that govern our operations.

2. To help groom world class leaders in every area of influence.
3. To raise funds, mobilise resources, implement projects or carry on any other activity in furtherance of objectives of LEIC.
4. To enter into any arrangement that may seem conducive to LEIC objectives or any of them with any government or authority whether Federal, State, local or International and to obtain from such authority any rights, privilege or concessions which LEIC may think it desirable and comply with any such arrangements.
5. **To inspire and encourage members of the society to do the right things at all times by learning positive values that engender positive contributions in all areas of human life.**

PLDI seeks to raise the standard of the Body of Christ beyond pulpit level and general society through teaching, training and imparting leaders during our LEIC Conferences. One of the critical issues facing Africa is the death of quality leadership. Africa's main problems being nepotism, corruption and tribalism. Most churches are dying due to lack of strong positive leadership.

AS CALLS ARE HEARD TO TRAIN COMPETENT LEADERS FOR THE CHURCH, SOME PERTINENT QUESTIONS ARE BEING ASKED.

What is leadership?

Can Church leaders be trained given that an unseen God is the boss of the church?

If so how does one go about training leaders for the church?

Specifically, what types of training will make leaders out of the trainees?

Are church leaders exhibiting the same characteristics the world over?

Or is leadership culturally defined?

Society desperately needs leaders at all levels. We need men and women who are

brightly shining and glittering silver/stainless colour. The young man demonstrated the use of the drum sets and it sounded like steel drum.

Thereafter, He led me upstairs to the hall which is where He said the program will take place. As soon as He told me "this is the place" He disappeared.

In year 2010, thirteen years later, I started organising Holy Ghost conferences, which I did in Nigeria and Benin Republic.

In 2015, eighteen years after God's first visitation, He came back for another visit, Jesus came with him this time. He told me that he has released me, and that I should start traveling to Nations.

In 2016 the first Leadership Empowerment International Conference - LEIC took place in Pretoria, South Africa.

PLDI was registered in Nigeria in April 2017. The conferences continue to hold in many countries. Priesthood Leadership Development Initiative Inc. PLDI was registered by the Corporate Affairs Commission of Nigeria on 27 April 2017 as a Non-Profit and Non-Governmental Organization. It is administered by a Board of Trustees under Certificate No. CAC/IT/NO 97082 .

LEIC operates in over 48 counties and still counting.

Our global network helps individuals, organisations in these countries to develop leadership skills consistent with our Bible based values.

Since 2014, LEIC has strictly defined its strategies to passionately win souls into the kingdom of God by raising the standard of Stewards of Grace beyond pulpit knowledge and apply their knowledge to the situation of their followers.

From the middle and to level managers, to administrators, business and professional executives, the singular goal is to continuously nurture and promote a wide range of value-based-development programs and initiatives through our leadership conferences.

We advise governments in Africa and across the world to adopt ethical based programs of:

- * Eradicating corruption
- * Wealth Creation
- * Strengthening businesses
- * Poverty Eradication
- * Propagating Bible based values
- * Supporting sustainable development
- * Provision of Enduring Infrastructures

THE BEGINNING

My story

**PROFESSOR
OLUSESI MICHAEL OBATEYE**

On eleventh day of September 1997 11/9/97 in the vision of the night, I hosted God as exemplified in Pastor William Folorunso Kumuyi.

On entering my house, He told me He comes for Holy Ghost seminar, and that we are going together. I cleaned His trousers of dust and washed His legs. Thereafter He went to my bedroom, laid on my bed and opted to have some rest.

He told me that after His short rest we shall go to the program, that I should go round informing and invite people for the seminar which of course I did.

He woke up from His sleep and we went to the place which is a stone throw distance. But as we are walking along, uncountable people followed us which was a big surprise that how did this multitude of people get the information and came.

On getting to the venue which is a one story beautiful building painted white, I saw a young man down stairs at the entrance sitting by drum sets made of
